# ABOUT THE STATE

HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

Forty-nine men from Burlington have been accepted for the officers' reserve medical corps at Plattsburg, of whom 25 are undergraduates of the University

President John M. Thomas of Middlebury college and ex-Gov. John A. Mead, donor of the Community house in Rutland, will be the speakers at its dedication the evening of May 9.

John M. Milne, one of Morrisville's old est and best-known citizens, died Wednesday following a stroke of apoplexy. He would have been 80 years old in June and had always lived in the house where he died.

The trustees of the Bellows Falls public library have opened a room on the second floor of the library for use by the soldiers quartered in that village. Reading matter has been placed at the disposal of the men.

A group of Bellows Falls Greeks have formed a company to manufacture American, Italian, Greek, Camembert and Russian sour milk cheese. The company will pay 24 cents a can for milk during May and June and will give the whey to the farmers.

Gilbert Stanley of Manchester, N. H., who brought a visit in Wells River to an end last week Thursday, killed himself next day at his home in Manchester. For many years he was towerman in the Boston & Maine yards. He had been despondent because of ill health and no work, but seemed happy while on his visit to Vermont.

Mrs. C. F. Searles met with a serious accident at her home in Morrisville recently, when she was run over by the automobile which her husband was driving, breaking several of her ribs and of Inventions Wanted } her collar bone. Mr. and Mrs. Searles had been for a ride and returned, but Highest references. Best results. Promptness assured Searles decided to take the car out little longer and backed from the barn, striking Mrs. Searles, who had come from the house unbeknown to him and was looking up at the chimney, which she thought was burning out.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. # The Barre Paper Stock Co. Valuable Property for Sale

# One of the Nicest Locations in Montpelier

As my practice is such as to prevent me giving proper atention to the care and management of this property, I have decided to dispose of the so-called Buckley farm, consisting of about 60 acres on Northfield street, opposite my residence, which is only about 10 minutes' walk from business center \$ and railroads.

This property has a street frontage of about 1,750 feet and is divided into about 28 acres of tillage, balance woodland and pasture. There is a good double brick house and large barn in good condition. Experts have estimated over 450,000 feet of lumber on the woodlot, mostly old-growth spruce and hemlock

This property is very desirable from an investment standpoint, as every foot of tillage land is well suited for building lot purposes.
